Felicity Essien

Front-end Web Developer

Frontend Developer with 4 years of experience specializing in React.js, TypeScript, HTML/CSS, and automation testing with Jest and React Library. Skilled in React Query (RTK) and Next.js for enhanced application performance. Seeking to join a team and work closely with the UX and web development teams to contribute to innovative projects in a remote and flexible work environment.

Experience

March 2023 - Till Date

Bumpa | Lagos, Nigeria | www.getbumpa.com

Software Developer

I worked with the web app team to develop an E-commerce business management application.

- Managed and developed the web application with my team using ReactJS and Typescript to develop features such as multiple staff and location management, google and Facebook ads integration, Point of Sales, Discount management, and CRM tools such as Emails and SMS campaigns to provide business owners with an all in one business management too
- Worked alongside the product team, design, backend, and web team to scope features and plan sprints
- Conducted code reviews and peer-to-peer sessions with team members to increase the performance.

Sept 2023 - Till Date

Regxta | Lagos, Nigeria | www.regxta.com

Frontend Developer

I led the web app team to develop a Fintech application.

- Developed Admin Web App: Created features for managing Loan, agents, customers, transactions, expenses records and various CRUD functionalities, reducing manual processes by 70%.
- Facilitated Team Collaboration: Ensured development aligned with Regxta's objectives and user requirements through effective cross-team collaboration.

Oct 2022 - March 2023

Pricepally | Lagos, Nigeria | www.pricepally.com

Frontend Developer

- Rebuilt Online Grocery Store: Transformed the website from plain JavaScript to an optimized ReactJS and Redux web app, boosting sales by 20% in 2023- [pricepally.com](https://www.pricepally.com)
- Collaborated with Stakeholders: Contributed to design and implementation processes alongside stakeholders, product managers, and UI designers.

Nov 2021 - Feb 2022

Kadogo - Now Parquest | Kansas, USA | parquest.co

Frontend Developer

- I was part of the web application development team to manage and build an application where financial donations can be made

Jan 2020 - Oct 2021

Taquatech | Uyo, Nigeria | parquest.co

Software Developer

- I was actively involved in software developments and subsequently coaching sessions for new interns and increased intern retention rate by 30
